Colorado Auto Body's Mission Statement clearly says that they will provide collision repair second to none coupled with un-compromised customer service. I would like to tell the community and the entire state of Colorado that they fulfill their commitment to that mission.

I will be the first to admit that I am not the world's greatest driver and after 2 accidents in the past year, I had the privilege of getting to know the folks at Colorado Auto Body very well. Tim and Dave not only eased my stress over the circumstances surrounding my fender-benders, but went out of their way each time to ensure that the work was done to my satisfaction and that I had as little out of pocket expense as possible.

It wouldn't matter which collision center my insurance company recommended I take my vehicle to for auto body repair in the future because I will continue to come back to Colorado Auto Body. Their friendly staff, superior service and quality work cannot be matched! So I am telling my friends, co-workers, neighbors and YOU to stop in for an estimate the next time your fender bends!
